2.1% by Aref Al Dabal.

The sales & service facility in Yanbu and the sales office in Jeddah are not covered under the scope of the certificate.

Transport of finished product is outsourced. Transportation is also covered by the quality management system, as far as the company's influence extends. This means that EBKSA evaluates the policies of the outside transport companies, and makes agreements with the transport company about its execution of the contract.

Purchasing of components belongs to the quality management system. EBKSA carefully selects the products it purchases with an eye to their origins and how they affect the quality of EBKSA products and services.

Design and Development are excluded in the activities as EBKSA is working on the standardized design.
